

Working experience

YEARS

ORGANIZATION

2007 – 2008

Engineering Consulting Bureau of the University of Mosul:

I worked as an in charge of a field laboratory for Al-Dibs Gas Station for electricity generation which belongs to the Ministry of Electricity.

2008-2010

Al-Tanasuk Al-Handasi Company :

I worked as a supervisor and an executor engineer of a number of multi-story buildings and Olympic swimming pools. In addition, I created constructional designs for a part of these buildings and swimming pools in the city of Mosul.

2010-2012

Al-Tanasuk Al-Handasi Company :

I worked as a supervisor and an executor engineer of Dijla City amusement park and Dijla Mall. It is the largest projects in the city of Mosul as well as creating a constructional design for it .

2012-till now

Al-Tanasuk Al-Handasi Company :

I worked as a supervisor engineer for an amusement park and spa (the Tourist Island) in the city of Mosul.
